Trotter evaluates roles of student, teacher

Denise Hesler and Norm Lewis

Eastern's third candidate for president, Virginia Trotter said Wednesday she did not think the fact that she is female was making her any "static".

Throughout the day she met with various campus groups and Thursday will meet with the Student Senate, Council of University Administrators and the presidential search committee.

Trotter is currently Assistant Secretary of Education in the Department of Health, Education and Welfare in Washington, D.C.

She spoke to a predominately female crowd about collective bargaining, enrollment, teacher evaluations, 24-hour visita-

tion and intercollegiate athletics.

Although Trotter is the only woman among the eight candidates being considered for Eastern's next president, she said she was not "receiving any more static than anyone else would get."

On the question of collective bargaining, Trotter said that students should be allowed to contribute input since it has such an influence on them.

Concerning placing a limit on enrollment, she said she "preferred not to place a lid on enrollment."

"If Eastern has the kind of education that students want, then as many of them as can go to Eastern should be allowed to

come," Trotter added.

She also addressed herself to the question of teacher evaluations, saying "students should have an opportunity to evaluate their instructors."

Trotter also said that faculty should be evaluated by their peers and the administration.

She cautioned that "every faculty member is a different person" and needs individualized treatment.

On the issue of having 24-hour, seven-day-a-week visitation in the dorms, she said "not everyone wants to live in a co-ed dormitory."

"We're better off to have a different array of situations which the majority rule doesn't always allow for," Trotter explained.

In answer to a question concerning her views on sports in general, she said that a school the size of Eastern "should have a strong intramural program."

On intercollegiate athletics, Trotter said "they have a place," but did not elaborate.

She said she was considering Eastern's presidency because "I want to go back to the university campus."

"I am comfortable there. I have a strong commitment to education and I want to be a part of it."

Hencken proposes halls serve non-alcoholic drinks at keggers

Debbie Pearson

Sponsors of dorm keggers in the future may be asked that 25 per cent of all beverages served at such affairs be non-alcoholic.

The proposal, currently under the consideration of Eastern's Residence Hall Association (RHA), was made by Housing Director Louis V. Hencken.

Hencken said this week that he received the idea from a conference he attended last spring at East Michigan State University.

The amount of non-alcoholic beverages served could be set at any per cent, he said.

"But I think the 25 per cent is a good idea to figure for," he said.

"The amount was randomly selected," Hencken added.

Since the 25 per cent figure is merely a suggestion, Hencken said, he will not be coming around to the dorm parties with a measuring cup."

He will, however, expect the dorm residents and hall council leaders to enforce the policy if they see reason to accept the proposal.

College dorms have always emphasized drug education in the past but have somehow failed to place the same sort of emphasis on alcohol abuse, Hencken explained.

With an alcohol policy such as the one proposed, it would "help those people who don't want to drink," he said.

If more non-alcoholic beverages were supplied at dorm parties, chances are more people would drink them, he added.

National statistics have indicated there are more non-drinkers than drinkers, Hencken said.

Most likely more people would not drink alcoholic beverages at a party if something else were available, he said.

Even if Eastern's RHA failed to accept the proposal, Hencken said he would still have the authority to enforce it because it concerns university alcohol policy.

He would rather receive the support of students on the matter, however.

Enforcement of the proposal would also have to be approved by Glenn Williams, vice president for student affairs, and the president of the university, he said.

Eastern would probably also have to consult the Board of Governors attorney before putting the policy in the Residence Hall Handbook, Hencken said.

The policy of providing that 25 per cent of all beverages be of a non-alcoholic content would protect the rights of non-drinkers, Hencken said.

He added that people who do not drink should know that they do not have to, regardless of peer or other social pressure.

The policy of insisting that a portion of the drinks served at parties be non-alcoholic was initiated at Michigan State University, the largest residence hall system in the world, Hencken stressed.

It was proved to be highly successful at the school which houses 17,000 students, he said.

Hencken was most explicit in explaining that he did not intend to get carried away with "far out" measurements of what constitutes 25 per cent of a party where as many as six kegs of beer are served.

He said that if several cases of soda or several bowls of punch were available it would at least help those who did not want to drink.

After a while the dorm social leaders would be able to estimate the amount of non-alcoholic beverages to be served, he said.

Schuetzenfest bus trips scheduled by 5 residence halls for weekend

Sue Hasenbeny

Five buses from various residence halls will be making the journey to Altamont's 11th Annual Schuetzenfest Friday and Saturday night.

Buses from Taylor, Carman, the Gregg Hall, Thomas-Andrews and Lawson-East will transport students on one of the two nights of the festival for prices ranging from \$2 to \$3.50 round-trip.

The buses will leave at approximately 6 a.m. from Eastern and return from Altamont about 12:30 a.m.

The only halls which are sponsoring the trip on Saturday evening are Thomas and Andrews.

Whether, they hope to take a bus of 40 people, Blair Briscoe, Thomas hall social person said.

Tickets are \$3.50 and priority will be given to Thomas and Andrews residents.

"We're breaking even on this, it's a chance for the kids. We don't want to

shove 60 kids into a bus that has an adult capacity of 40, Briscoe said.

Taylor has 12 to 14 openings left to Taylor residents for its trip on Friday, Taylor North Counselor Paul Henry said. The price is \$2 per person.

If these vacancies are not filled by Friday morning, the overflow on the Carman sign-up list will be allowed to go.

Carman hall has a full bus of 56 students which will leave on Friday night also, Carman South Counselor Nick Nicklaus said.

Tickets for that bus ride were \$2.50 apiece.

There are five to ten openings left for residents of any hall on the Lawson-East hall bus which will leave Friday, Marty Alsgaard, Lawson Counselor said.

The cost is \$2.75 per person.

There are also about four or five openings for the Gregg Triad bus which will leave Friday, Carrie Seltzer, McKinney graduate assistant said.

The cost is \$2.50 per person and only Triad Residents and their guests will be allowed to sign-up.

The University Board will not be sponsoring a bus to Schuetzenfest Anita. Craig, assistant student, director said.

"We're not using fee money to transport students to a beer fest," she said.

Nancy Spitze, vice president of the Pan-Hellenic Council said that there were no sororities or fraternities that she knew of that were sponsoring a bus to Altamont.

Wagon train

Old theatre props never die — they go on to Booth House for storage. Guy Freesen and two friends pull a wagonload of discarded props to their new retirement home at Booth House. (News photo by Craig Stockel).

Partly sunny

Thursday will be partly sunny and in the mid or upper 70s. Thursday night will be fair and cool.

Student senate proposes change in salary, reports

Additional proposals for restructuring student government salaries and reports from student members on the Council of Academic Affairs (CAA) will be discussed Thursday by the Student Senate.

The senate will meet at 8 p.m. in the Union addition Tuscola-Arcola Room.

Last week the senate tabled a proposal that would give the student body president a Talented Student Award (TSA) and a \$20 a week salary.

The executive and financial vice presidents along with the speaker of the senate would receive tuition and fees, the Board of Governors representative would get a TSA and the collective bargaining representative would receive a tuition reimbursement under the plan.

However, the senate voted down the proposal, although "the situation will most certainly come up Thursday," Dan Fowler, senate speaker said Wednesday.

CAA to consider entrance score revision

by Lori Miller

The Council on Academic Affairs (CAA) will consider a proposal Thursday which if passed would tighten Eastern entrance requirements.

The CAA will meet at 2 p.m. Thursday in the Union addition Tuscola-Arcola room.

CAA chairperson Sue Stoner said five persons have been invited to speak on the proposal, which would revise ACT and SAT scores necessary to enter Eastern.

The proposal, which was submitted by the Math Department, would require that students entering fall semester graduate from the upper half of their class, and an ACT composite score of 15, or an ACT score of 22 and SAT score of 900.

The proposal further stipulates that

students entering in spring graduate from the upper half of their class, or an ACT score of 20 or an SAT score of 830.

Roger Haberer, of the Admissions Office, said Tuesday would provide a "stumbling block" to those wishing to enter Eastern.

Haberer, who is one of the five invited to speak on the proposal to the CAA, said he would not argue for or against the proposal, but would instead give figures detailing what the proposal could do to enrollment.

Haberer said a study by the Admissions Office showed that had the proposal been

in effect this fall, less than 9,000 students would have been eligible to enter Eastern.

All three student CAA members said Tuesday they will consider arguments presented at the CAA meeting before they decide how they will vote.

Stoner said the proposal will probably not be voted on until next week's meeting

to give time for all arguments to be presented.

Others to speak on the proposal will be Vice President for Student Affairs Glenn Williams, Admissions Director Murray Choate, Counseling and Testing Director Herb Bartling and Janet Holley, from the Advisement Office.

Parents to face no vacancy signs

If you haven't found a place for mom and dad to stay over Parent's Weekend yet, don't despair.

There are still four rooms available in Charleston and a number of motels in area cities still have plenty of room.

The Town and Country Motel in Charleston still has four rooms available, though they expect to have them reserved soon.

Two other Charleston motels--Holiday Inn and the College Inn Motel--reported that they have been booked solid for more than six months.

Lincoln Inn Motel in Charleston has been full for over a month.

All the motels in Mattoon are also full. The Mattoon Holiday Inn, the Mattoon Best Western, the Sheraton and the U.S. Grant Motel all reported that they have no rooms available for that weekend.

In Arcola, the Roadway Inn and the Prairie State Motel are also full.

Though several motels in Effingham are already full, the Effingham Travelodge has about 40 rooms available Oct. 2.

In Paris, however, there are plenty of rooms available in four different motels: France Motor Inn, Paris Motel, Parisian Motel, and Pinnell Motel.

Paris is approximately 20 miles east of Charleston on Rt. 16.

Greenup, about 19 miles south of Charleston on Rt. 130, also has motel rooms available at the Five-Star Motel, Gateway Inn and Wilson Motel.

Student help needed for fall Blood Drive

Eastern's fall Red Cross Blood Drive program will have its first student organizational meeting at 3 p.m. Thursday in the Union addition Mattoon Room.

This meeting is designed to recruit volunteer students to help with making appointments, speaking before Health Education classes and working in the donor room on the days of the blood drive, which are Oct. 11-14.

The student blood drive leaders are: Sandy Alexander, chairperson, Tim Doctor, Dawn Flanigan and Dave Lowell, all chief assistants, Walter Lowell, faculty chairperson of the drive, said.

NATIONALLY KNOWN SPEED READING COURSE TO BE TAUGHT ON THE EIU CAMPUS

United States Reading Lab will offer a 4 week course in speed reading to a limited number of qualified people on the EIU campus.

This recently developed method of instruction is the most innovative and effective program available in the United States.

Not only does this famous course reduce your time in the classroom to just one class per week for 4 short weeks but it also includes an advanced speed reading course on cassette tape so that you can continue to improve for the rest of your life. In just 4 weeks the average student should be reading 4-5 times faster. In a few months some students are reading 20-30 times faster attaining speeds that approach 6000 words per minute. In rare instances speeds of up to 13,000 wpm have been documented.

Our average graduate should read 7-10 times faster upon completion of the course with marked improvement in comprehension and concentration.

For those who would like additional information, a series of free, one hour orientation lectures have been scheduled. At these free lectures the course will be explained in complete detail, including classroom procedures, instruction methods, class schedule and a special 1 time only introductory tuition that is less than one-half the cost of similar courses. You must attend any of the meetings for information about EIU classes.

These orientations are open to the public, above age 14, (persons under 18 should be accompanied by a parent if possible).

If you have always wanted to be a speed reader but found the cost prohibitive or the course too time consuming... now you can! Just by attending 1 evening per week for 4 short weeks you can read 7 to 10 times faster, concentrate better and comprehend more.

If you are a student who would like to make A's instead of B's or C's or if you are a business person who wants to stay abreast of today's everchanging accelerating world then this course is an absolute necessity.

The special one-hour lectures will be held at the following times and places.

EIU Meeting

Tuesday 21, Friday 24, Sunday 26, Tues. 28.

Time: 7:15 & 9:00 p.m. all days but Sun. Sun. 1:00 & 3:30 p.m.

TWO FINAL MEETINGS

Aug. 15, at 2:30 p.m.

Aug. 16, at 6:30 p.m. and again at 8:30 p.m.

THESE MEETINGS WILL BE HELD AT THE UNITED CAMPUS MINISTRY CENTER WEST OF CAMPUS ON 4th

If you are a businessman, student, housewife or executive this course, which took 5 years of intensive research to develop, is a must. You can read 7-10 times faster, comprehend more, concentrate better and remember longer. Students are offered an additional discount. This course can be taught to industry or civic groups at "Group rates" upon request. Be sure to attend whichever free orientation that fits best in your schedule.

It Sounds Incredible

BUT EVELYN WOOD GRADUATES CAN READ

JAWS IN 41 MINUTES

**At That Speed, The 309 Pages Come Across
With More Impact Than The Movie.
In Living Blood, You Might Say.**

You can do it, too. So far over 550,000 other people have done it. People who have different jobs, different IQs, different interests, different educations have completed the course. Our graduates are people from all walks of life. These people have all taken a course developed by Evelyn Wood, a prominent educator. Practically all of them at least tripled their reading speed with equal or better comprehension. Most have increased it even more.

Think for a moment what that means. All of them—even the slowest—now read an average novel in less than two hours. They read an entire issue of Time or Newsweek in 35 minutes. They don't skip or skim. They read every word. They use no machines. Instead, they let the material they're reading determine how fast they read.

And mark this well: they actually understand more, remember more, and enjoy more than when they read slowly. That's right! They understand more. They remember more. They enjoy more. You can do the same thing—the place to learn more about it is at a free speed reading lesson.

This is the same course President Kennedy had his Joint Chiefs of Staff take. The same one Senators and Congressmen have taken.

Come to a Mini-Lesson and find out. It is free to you and you will leave with a better understanding of why it works.

Plan to attend a free, Mini-Lesson and learn that it is possible to read 3-4-5 times faster, with comparable comprehension.

Soft drinks at dorm keggers topic of RHA vote Thursday

by Marcel Bright
The Residence Hall Association (RHA) will vote on a proposal to provide that at 25 per cent of beverages served at dorm sponsored keggers be non-alcoholic.
The RHA meeting will be at 4:30 p.m. Thursday in the Union addition Martinsville room.
The proposal was originally made at the

Textbook Library to hold discard sale

Eastern's Textbook Library will hold a discarded book sale Thursday and Friday. The sale will begin at 8:30 a.m. both mornings and end at 5 p.m., Rick Sandefer, manager of the Textbook Library, said Wednesday.
Featured in the sale will be books from just about every discipline, Sandefer said, with the books being free or costing anywhere from about 10 cents to \$1.
In case of rain, the sale will be moved inside the Textbook Library, Sandefer said.

Sept. 2 meeting by Housing Director Louis V. Hencken, who urged RHA members to talk with dorm residents on the proposal.
Hencken's proposal stemmed from a report from Michigan State University that college alcoholism was increasing.
Other business to be discussed will include better enforcement of the parking lot rules.
RHA President Bob Foster said Wednesday that several students have complained to him about parking tickets they have received because it was necessary to park elsewhere while cars without stickers parked in their lots.
Also on the agenda will be the problem residents of Taylor and Carman have had with the washers and dryers at their dorms.

Road match at ISU Thursday begins busy tennis weekend

by Randy Stocker

After a season opening win over Millikin University Tuesday at Decatur, Eastern's women's tennis team travels to Normal to meet the Illinois State University netters-Thursday at 4 p.m.

"I'm very pleased about the way the girls worked," coach Joyce David said of her team's victory over Millikin.

Eastern won all four singles matches. Becky Matchette, Sue Nyberg, Kathy Holmes, and Sue Field were Eastern's victors.

The doubles team of Jan Pfaender and Deb Doll was also a winner.

Doubles partners Geri Jones and Joyce Braun suffered Eastern's only loss.

Thursday's lineup includes Matchette at first singles, Nyberg at second, Holmes

playing third singles, Field at fourth, Pfaender at fifth, and Doll at the sixth position.

Holmes and Fields will play first doubles, Doll and Pfaender second, with Sue Jansen and Mary Stupek at the third spot.

Eastern and ISU fought to a 3-3 tie last year.

The netters will also be busy during the weekend. The University of Evansville and Western Illinois University come to Charleston Saturday for a 10 a.m. meet.

David said Evansville is an unknown team.

Western brings last years Illinois state high school champion, Jean Koberly, to the match.

Against ISU, Eastern will play six singles and three doubles matches. Eastern will pit four singles players and two doubles teams against Western in the other match.

"We encourage all the fan support we can get for this first home match," David said.

Matches with SIU, Principia slated for field hockey squad

by Pat Hodge

This weekend, on Saturday, Eastern's women's field hockey team will host teams from SIU-Carbondale and Principia.

It will be a triangular meet with six games being played. Each team's first team will take on the other two school's first teams, while the second teams from each school will do the same.

The first game will be at 9:15 a.m. between Eastern and SIU's second teams.

The second game between SIU's and Principia's first teams will begin at 10:30 a.m.

The third game matches the second teams from Eastern and Principia and it will begin at approximately 11:45 a.m.

Eastern's and Southern's first teams meet in the fourth game beginning about 1 p.m.

At 2:15 p.m., the fifth game will feature Principia's and SIU's second teams.

The last game will be around 3:30 p.m. with Eastern's and Principia's first teams going at it.

The triangular format has been around the last three to four years, coach Helen Riley said, so that it "gives our second team players an opportunity to play."

Last year, Eastern's first team lost to both SIU and Principia by scores of 4 to 1 and 2 to 1.

The second team played SIU to a scoreless tie and defeated Principia 3 to 1.

Riley also said that SIU did not lose any top players, so that they'll be just as strong as last year.

She specifically singled out Helen Myer of SIU as "always a threat, one person we'll have to watch very closely."

Principia, however, lost two key players and probably won't be any stronger than last year, Riley said.

Changes in Eastern's lineup will be determined this week in practice, Riley said, although she pointed out that they will use the same formation.

The majority of the team will have played on the varsity before with the exception of Lisa Williams, Riley added.

The bomb

A member of PhiSigma Epsilon fraternity prepares to pass in an intramural flag football game against Lambda Chi Alpha Wednesday. Action for the 42 intramural teams began Monday. (News photo by Craig Stockel).

Only rest scheduled for Panthers; Stettner's rushing leads statistics

by R. B. Fallstrom

With two season-opening victories gained for only the first time since 1950, Eastern's football team will take a well-deserved rest this weekend.

The panthers' next action will be a road contest at Southwest Missouri Sept. 25.

Statistics released for the first two games show Eastern's running attack to be potent, with 543 yards. Eastern trails in total offense for the two contests, however, with 591 yards to opponents 603.

Fullback Mark Stettner, who led the club in rushing with 904 yards in 1975, is off to another fast start. The 200 pound junior has picked up 174 yards in 40 carries in the first two games, for a 4.3 average.

Stettner had 119 yards rushing in the 24-14 victory over Northeast Missouri State (NMSU) last Saturday, with Eastern amassing 349 overall.

Gerald Bell gained 92 yards in the NMSU contest, with the big gainer a 76-yard touchdown run on Eastern's first scrimmage play. Gell had an off day in the opener against Cameron, and is third on the team in rushing with 110 yards and a 7.8 average.

Freshman Chris Cobb added 57 yards to

the ground total against NMSU, and had an aggregate of 135 in the two games with a 3.4 average.

Quarterback Andy Vogl also gained 92 yards in the NMSU game, gaining 100 yards rushing. Vogl has 98 yards rushing in two games.

Coach John Konstantinos had said he planned to pass more this year. "Now we're better in that area, we'll be better," he promised before the season started.

But thus far Vogl has thrown only 10 passes, completing five for a total of 55 yards. By contrast, opponents have attempted 39 passes, but the Eastern defensive secondary has held the completion percentage to 10.

Tight end Doug Hiatt has caught the majority of Vogl's tosses, nabbing the 71 yards and one touchdown.

Refs should check schedule

Intramural flag football and so on officials should check the bulletin board outside the Intramural Office in the gym before 3 p.m. Thursday for schedules, Dave Dutler, intramural coordinator, said Wednesday.
